RE: SOF Language & Cultural Center – Thank You Letter

Dear Mr. Alford,

All of us at the Archer Western team want to thank you and your team for your outstanding efforts at the SOF Language and Cultural Center Project (Fort Bragg, NC).

While our deadlines and requirements for this Project were challenging, we managed to all come together and succeed by completing the Project on-time and without a single time-loss incident or accident. This would not have been possible without your commitment and hard work towards the completion of the fencing package.

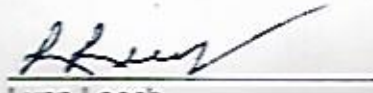

Please take the attached commemorative coin as a small token of our appreciation. We are all grateful for your partnership throughout this Project and look forward to working side-by-side again in the near future.

Sincerely,

Archer Western Contractors, LLC

Anthony Gray
Project Manager

Dean Duncan
Quality Control Manager

Lynn Leech
Senior Superintendent

Gabriel Muñoz Dispa
Project Engineer
